The Year 4 students attended Berry Sport and Recreation Centre last week, from Wednesday to Friday. After a long and noisy bus ride we arrived in sunny Berry.

Over the three days the children participated in canoeing, the giant swing, cook out, bouldering, caving and camp initiatives. All of the activities focused on working as a team to complete each task. We ate countless buckets of fruit and had loads of good food. The most favourite meal at camp was pancakes and croissants for breakfast. All of the children were on a kitchen roster and had to help with setting up, serving or clearing the meals. They all got plenty of practise and should be continuing to develop these skills at home!

Thank you to Mr Peterson (parent helper) who came to camp with us for the three days.

The children were extremely well-behaved as was mentioned by both the bus drivers and the camp staff. Congratulations to all of the students, you faced a lot of challenging activities on camp and represented our school with pride.

FROM THE PRINCIPAL

Dear Parents and Caregivers,

Welcome to Week 6. It is good to be back at school. I had an interesting week in my other role as a Leadership Officer, and I was able to gain some valuable insights which may help our school also. Mr Woudsma represented Harrington Park at Leading 21st Century Schools—Engaging With Asia, last week. He will report to parents in the near future on this initiative which is designed to equip our children with a new skillset to manage the changes that this century will present.

There has been a lot of illness over the past couple of weeks amongst staff and students, and the flu season is still very much with us. It is important to stay home when we are not well to allow for a more speedy recovery and to prevent the spread of infections. We have been stretched in finding relief teachers on some days as we have more and more people becoming unwell. Hopefully we will soon be past this and life will return to normal at school.

Thank you to the teachers who attended Year 4 camp last week and thank you to those parents who expressed their appreciation. The children had a great time and the camp was a great success. Our camping program has many benefits, one of which is the development of independence. It is great for children to learn how to be separate from their families for a short time, and this has dividends when emergencies arise and parents and children have to spend time apart.

Good luck to our recorder group who will be performing next week at the Instrumental Festival at the Sydney Opera House. I am really looking forward to your performance. Also we hope that our Tournament of Minds teams enjoy this weekend and we are sure that they will make us proud.

I am told that our cricketers performed well at the Milo Cup last week, and whilst we didn't win this year our efforts were still creditable and a great sporting spirit was demonstrated.

My thought for the week is from Ralph W. Sockman, ‘There are parts of a ship which taken by themselves would sink. The engine would sink. But when the parts of a ship are built together, they float. So with the events of my life. Some have been tragic. Some have been happy. But when they are built together, they form a craft that floats and is going someplace.’

Have a great week.

Yours faithfully,

Andrew Best

The Book Club Team

The flyers have gone home for the latest issue with orders due back Monday 2nd September. Unfortunately late orders cannot be accepted.

Make sure you take a moment to see what great books are available for purchase either for your child or as a gift for someone else.

Remember to fill the order form in clearly with your child’s name and class and check the amount of money matches the total before placing in an envelope clearly labelled "Book Club". Then place in the post box in the office by 3:00pm Monday afternoon 2nd September. Orders take a couple of weeks to arrive at the school after the closing date and should come before the holiday break.

Thank you for your support.

The Book Club Team

Tournament of Minds in 2013

HPPS has entered three teams in this year’s competition. They include: Language/Literature, Maths/Engineering and Technology. All groups have been working independently on a long term problem since the beginning of the term which will be presented on Saturday 24th August at the University of Western Sydney, Milperra Campus. On this day each group will also be required to address a Spontaneous Challenge within a limited time frame and present a solution to the judges.

Each team has been working through lunch and recess times to finalise their efforts. We wish them all the best as they combine their skills to impress the judges.

Boys Milo Cup

Last Friday two boys teams and two girls teams represented our school in the Razorback Milo Cup competition at Onslow Park in Camden. It was a day filled with fun, music, dancing, high catching competitions and also plenty of cricket. Our teams all played some excellent cricket and we reached the finals in both the boys and girls competitions.

Boys Milo Cup

Last Friday, Harrington Park P.S fielded two teams in the Boys Milo Cup cricket competition at Onslow Park, Camden. Both teams consisted of a mixture of experienced and inexperienced players from years 5 and 6. The teams played well, with some very big wins in the early rounds. Harrington Park (Black) finished the day in 6th position out of 14 teams. Harrington Park (Green) won all their games and on a strong for and against average earned a spot in the final against Camden South. Up against some very strong competition the boys batted first and were in a little trouble after the first over, losing two quick wickets. The boys quickly settled down and were able to put together a respectable total. While the boys bowled well, Camden South’s experienced batters reached our total with two overs to spare. Both teams played very well and represented their school with pride.

Girls Milo Cup

All the girls who played in our two teams were playing in the Milo Cup for the first time so it was a great achievement to play so well and win as many games as they did. Special mention to Lara R and Kirsty I who represented us in the high catching competition at lunchtime, Kirsty finishing 4th out of the 12 best catchers from each team and Lara coming high catching competition at lunchtime, Kirsty finishing 4th out of the 12 best catchers from each team and Lara coming 2nd after a thrilling series of increasingly difficult catches before the winner was decided.

Harrington Park Pink

Fantastic effort by these girls, finishing fourth out of 12 teams. As well as producing some great batting and bowling the Pink team were excellent when running between the wickets. Half of this team was made up of Year 5 students so we are already looking good for next year!

Harrington Park Green

The girls won their three qualifying games extremely well, with scores of 93-30, 99-12 and 130-26. Their batting was terrific and their bowling was the most accurate I have seen in this competition. They were very unlucky to go down in the final by just three runs! All the girls can be proud of their performances and a special mention to Courtney S who made 22 (retired) in the final with three sixes and a four and took a brilliant catch on the boundary in the last over which almost won us the match.

A big thank you to Mrs Davis and Mr Quirk for their help in training the girls prior to the day and to Mr Quirk for coaching the pink team on Friday. The boys and girls are now looking forward to their next matches in the state knockout competition which are coming soon.

Grant Update

We put in a grant submission at the end of July asking for some money to assist us with building a new basketball court. This would be built in between the existing one and the demountable classrooms. We do not find out if we are successful until December, so fingers crossed!

Thanks to Michele K and Erin D for putting the submission together.

A number of families are taking holidays outside the regular school holidays. It is important to understand that under the Education Act 1990 children need permission from the principal in order to take leave from school which is compulsory for children 6 years and over. Applications for school exemption must be made in writing to the principal and such applications may include domestic purposes such as family holidays. The principal then needs to be assured that a program of school work will be covered during the child’s absence.

If parents are considering a family holiday they are requested to come to the school office and seek an Exemption from School application. The application needs to be completed and returned to the principal, Mr Best, who will contact you regarding the granting of permission and the necessary support learning program. When an exemption from school has been approved the days of absence are recorded differently on the child’s attendance record as opposed to sick or other minor leave days.

We ask that parents comply with this process to ensure that the school is following its legal obligation to provide the highest quality education. Your support is greatly appreciated.

Our lost property box is located in the school hall. If your child has misplaced any items, please check there first.

Please ensure that all your child’s belonging are labelled with their full name on them.

PLEASE STAND BEHIND THE YELLOW LINE

In order to improve the safety of our children when they are crossing the road, the local residents have introduced the concept of the "Yellow Pedestrian Safety Line.

Please stand behind the yellow pedestrian safety line when your children are crossing the road.

Children should always be supervised and never allow children to cross the road unaccompanied.

Children should not cross the road at speed, nor should pedestrians ever cross the road between vehicles.

Please stand behind the yellow line.
